
The Container
2nd floor space - where we will meet
Entrance - door bell/ give me a call when you arrive and I will pop down.
There is a lift/ set of metal stairs to access the second floor space.

Balconies at the rear and sides of the space

Access to the space is via a small decking on the exterior of the container

Container space shown from the outside

The space is split into **three key sections** upon entering, which are **still being designed/organised**.
We will work across the three areas of the space.

Kitchen area - kettle, microwave, fridge, WIFI internet hub
